MESSAGE FROM THE COMMANDER/CHAPLAIN

Hello again, my confederate family.

I hope September is treating everyone well. Last weeks cooler weather definitely has me ready for a crisp mornings and 60° afternoons. As always life has me running like crazy. That being said, I am excited for the meeting next week as well as the PowWow. I really hope to see some new faces there. We have fun and I know y'all will too.

Until we meet again, make time to build your relationship with Christ, make time for yourselves and I look forward to seeing everyone.

God bless y'all and God bless Dixie.

1st Lieutenant's Report

Greetings compatriots,

There is not much to report this month, we haven't had any events. We do have upcoming events so be sure to look at that section in the newsletter and mark your calendar. We need as many members as possible to show up at the events to be an effective camp.

We did have a Reunion Committee meeting. The medals and lanyards are now on order. We still need to sell more raffle tickets and challenge coins. Also if you are planning to attend the reunion please pre-register. The registration forms are on the website. It will save you money and help us tremendously for you to pre-register.

Looking forward to seeing everyone at upcoming events and next meeting. May God bless you and may God bless Dixie.

1851 Brass Frame Confederate Griswold & Gunnison

Pietta 1851 Confederate Navy Black Powder Revolver

This six-shot .44 caliber revolver was made under contract to the Confederate government. **It is a brass framed copy of the Colt 1851 Navy revolver.** Connecticut Yankee Samuel Griswold set up a cotton gin factory in Georgia in 1830. The village of Griswoldville grew around the factory. In 1862, Griswold produced pikes for volunteers from the state of Georgia. The factory soon began producing revolvers for the Confederacy. No other Confederate factory produced more revolvers than Griswold & Gunnison. Griswoldville was the first town burned by Sherman's troops on his march to the sea. This 1851 navy model features a brass frame, blued parts, brass backstrap and triggerguard, hexagon barrel, and a walnut navy size grip. ***A beautiful replica to add to your collection!***
